

REFLECTIONS

When I think about Brother Welsh, who I pledged our dear fraternity under in Psi Chapter, 1972, I think of someone that always had a smile on his face, such as in the picture of him, me, Brothers Richard Vause, Renel Burden, Eric King, Bill Bailey, and Mike Mayo, with chapter founder Raymond Pace Alexander at the Psi chapter founders banquet that year. And in recent years when we reconnected on Facebook, I will always remember his sports games updates, his start of the day weather reports, and his positive attitude despite his physical challenges. Rest in Peace Brother Welsh. Please convey my sincere condolences to Eb's daughter Marjorie and the family.
